

Uni-Finials are designed to provide a quick and simple, neat, attractive and low-cost traditional finish to the roof line.

Product features & benefits

- Traditional design complements both concrete and clay ridge tiles
- Cost effective alternative to clay or concrete finials
- Encapsulated, dry-fixing – compatible with most ridge systems
- Available in two colours

Area of application

Suitable for:

- Concrete and clay ridge tiles
- A dry ridge system
- Universal angle or 1/2 round ridge tiles

Material

UV protected medium density polyethylene

Colours

Slate Grey
Terracotta

Dimensions

Tall Ball 325mm high (429mm including base)
Bases 104mm high, 235 wide

Product Codes / Colours

Tall Ball Finials

Slate Grey KR996130
Terracotta KR996134

Universal Angle Bases

Slate Grey KR996230
Terracotta KR996234

1/2 Round Bases

Slate Grey KR996330
Terracotta KR996334

Packaging

5 pcs per carton (5 off)

Installation

A 6mm hole needs to be drilled in the desired location in the ridge tile. Push the protruding stud on the finial through the hole and secure on the underside using the wing nut provided, ensuring a tight fit between the finial base and ridge tile.
