

3"x4" Universal Weep Vent

The KV9750 dual purpose concealed/exposed weep vent is designed to meet N.H.B.C standards. The vent has a baffled grill and drip lip at each end which reduces the ingress of driving rain and wind. The grill size is specifically designed to be wide enough not to be blocked by water droplets, debris or paint, but still able to stop large insects from gaining access.

The dual purpose weep vent should be fitted in open perp joints and mortared into position. The weep vent should be spaced at no greater than 900mm centres. To meet N.H.B.C guidelines, it is recommended to site the weep holes at every 450mm (MAXIMUM) with at least 2 per opening above doors and windows.

BS5250, BS5628, BS8000, NHBC: Standards 6.1

Manufacturing Process

Injection moulded

Material

PPC - Polypropylene copolymer for coloured
PPH - Polypropylene homopolymer for Clear

Product Code

KV9750

Colours

- 0900 White
- 0247 Brown
- 0152 Terracotta
- 0450 Black
- 2002 Clear
- 2001 Buff

Box Size

120 x 120 x 285 mm

Pallet Size

1 x 1.2 x 1.52 m

Free Area

90 mm²

Packing

Displayed in a box. 50 per box.
400 boxes per pallet (20,000 units)

Weight

0.83kg per box, 357kg per pallet
