

3-in-1 Eaves Vent Pack

The 3-in-1 Eaves Vent Pack provides a simple and economic solution to eaves ventilation by providing all the necessary components required in one pack. Packs are available for continuous eaves ventilation of 10,000mm²/m and 25,000mm²/m. A complete 6m pack comprises of Fascia Vents, Roll Out Rafter Tray and Underlay Support Tray.

Product features & benefits

- Quick and easy to install
- 3 Eaves products in one pack
- Support Tray prevents ponding behind the gutter
- 10mm and 25mm options available

Area of application

Suitable for:

- New build and re-roofing applications
- 450mm and 600mm rafter centres

Material

Rafter Tray & Underlay Support Tray	PVC
Fascia Vent	Polypropylene

Colour

Black

Product Codes / Weight (per carton)

10mm Vent

300mm wide rafter tray	KP990200	2.8kg
400mm wide rafter tray	KP990400	3.8kg

25mm Vent

300mm wide rafter tray	KP966700	2.8 kg
400mm wide rafter tray	KP966800	3.8 kg

Dimensions

Underlay Support Tray	265mm wide
10mm Vent	1m/500mm x 42mm wide x 25mm deep
25mm Vent	1m/500mm x 38mm wide x 38mm deep
Roll Out Rafter Trays	6m x 300mm wide/6m x 400mm wide

Packaging

Each pack contains 6 Fascia Vents, 10 Underlay Support Trays and 1 Roll Out Rafter Tray sufficient to cover 6m of eaves.

Installation

The Fascia Vents are installed directly onto the fascia board and fixed using 50mm x 3.35mm corrosion resistant nails. The Roll Out Rafter Tray is then rolled out over the rafters in the correct position to provide a ventilation channel above the insulation and fixed into the rafters using galvanized clout nails or staples. The Underlay Support Tray is placed on top of the Fascia Vent and is nailed or stapled through its top edge into the rafters.

PERFORMANCE / TECHNICAL DATA

Provides the equivalent of a continuous 10mm or 25mm opening (10,000mm² and 25,000mm² per metre run respectively) at eaves level.
