

## A universal ventilating dry ridge and hip system, best suited for concrete.

The Roll Fix Concrete Kit is a universal ventilating dry ridge and hip system most suited for concrete ridge and hip tiles. Available in 3 colours to blend in with the roof, it comes in a practical all-in-one kit.

### Typical section

Ridge detail with half round ridge tiles

### Features and benefits

- Mortar free, making it quick to install in most weathers.
- The ridge seal comes with fixed lugs for easy application.
- Premium ridge roll with stainless steel fixings.
- Highly durable - UV stable and water and wind resistant.

### Area of application

- Suits most concrete ridge tiles.
- Can be used on clay ridge tiles, where lugs do not interfere.
- Can be used on hips, however trays and clips are not included (see table below).
- Suitable for new build and refurbishment.

### Related products

- Flashing Glue PACCGL\*
- Ridge End Caps KR9772/KR9773.

### Approvals and certifications

- Complies with BS 5250 for ventilation, BS 8612 for performance and BS 5534 for mechanical fixing.
- Manufactured to DIN 4108/3.
- All products supplied by Klover Ltd are covered by a 10 year guarantee against manufacturing defect.

\* Recommended to help fix the butyl strip in damp conditions.

### Technical guidance
